REF: 1138

Diameter: 10 cm (3.9")

Description

Rene Laique opalescent Gui
Introduced in 1920
Marcilhac page ref:234
Moulded Mark R Lalique to the lid and moulded mask mark to the base

The condition is very good, to the inside of the lid there is small shallow popped air bubble to the surface which you can feel.
To the base there are visible mould lines. see images
