Description

Rare and hard to find Rene Lalique Epsom car mascot

Mounted in a bookend black glass mount with chrome collar

Moulded mark Lalique and France

Ordinarily you would see an R Lalique moulded mark.
The mark present is relatively faint and the R is not visible.
This is how it has come out of the mould.

The condition is very good with no damage. There are a few tiny frits where the collar has been fitted.
These are barely visible to the naked eye.

The black glass base is marked R Lalique
